

“BCM MORRING IS A GREAT CONTRACTOR. THEIR MEN ARE PROFESSIONAL, SAFETY-MINDED AND HAVE A POSITIVE ATTITUDE TOWARDS THE WORK THEY ARE PERFORMING. I WOULD RECOMMEND BCM MORRING, AND I WILL USE THEM AGAIN.”

- Kenneth L. Poe, Superintendent

Founded in 2009 by Grant H. Morring, BCM Mooring Co. Inc. consistently proves that client commitment, project responsibility and honesty are still a reality in the construction industry. Whether providing general contracting, project management or subcontracting services, the company’s philosophy remains the same: Providing a unique, one-of-a-kind construction process designed around clients’ specific needs. This goal is met through a three-pronged approach:

Listen. Think. Deliver.

In a market saturated with promises, BCM Morring stands apart by delivering world-class projects, not the least of which include Mobile’s Field & Stream, Saad Healthcare’s Hospice Retreat and UTC Aerospace in Foley.

Morring, company president and U.S. Navy veteran, says, “I am committed to perfection and continue to educate myself and our employees in order to create a collaborative team environment.” He and his team, which has grown to more than 50 employees, give back to the community by donating time and materials to organizations in need.

GENERAL CONTRACTORS + BUILDERS

BCM Morring

BCM MORRING CO. INC. BCM Morring Co. Inc. strives to be the most trustworthy and ethical general contracting service — period.
